Canvass of Votes:

Canvass of votes proceeded. All numbers agreed with the numbers called in by the Officers of Election the night before.

Mr. Brandon Howard, local Chairman of the Republican Party, has an issue with our polling locations being at our schools. He stated that it infringed on his rights to bear arms. (guns are not allowed on school property) and that the Board needed different polling locations. The Board thanked him for his input and that they would consider the matter.

There being no further business, the meeting was adjourned at noon.

Respectfully,

Herbert Townes
