N 21st Ave Detour between W Broadway and Byrd St for Traffic Signal Improvement Project

On February 28, 2019 and March 1, 2019 N 21st Ave between W Broadway and Byrd Street will be closed to thru traffic for the installation of underground bored conduits. This activity is required as an advanced step prior to installation of the new traffic signal foundations, poles and mast arms at the intersection of N 21st Ave and W Broadway.

The detour will be in effect between the hours of 8:00 AM and 5:00 PM on February 28, 2019 and March 1, 2019. Advanced warning signs and detour guide signs will be staged along the detour route to guide motorists. Below is a summary of the detour route:

N 21st Ave heading north towards Byrd Street:

- Right onto W Broadway, Left onto N 15th Ave, Right onto Byrd St

N 21st Ave heading south towards W Broadway:

- Left onto Byrd St, Right onto N 15th Ave, Right onto W Broadway

This intersection improvement project was ranked and selected to receive 100% reimbursable funding from the VDOT SMART Scale grant program. Improvements will include new traffic signals, pedestrian signals and ADA compliant sidewalk and ramps at each corner.

Please drive safely and use caution through this area while the detour is in effect.
