E Cawson Street Extended Closure between Hopewell St and Kippax St for Freedman Point Development

Starting on March 4, 2019 and extending through April 30, 2019, E Cawson Street between Hopewell St and Kippax St will be closed for the Freedman Point Development Project. This extended closure is required to complete underground utility work and masonry work within the existing street. The construction perimeter fence will be used to safely delineate the work zone from the public while the street closure is in place.

Advanced warning signs and detour guide signs will be staged along the detour route to guide motorists. Below is a summary of the detour route:

E Cawson St heading south towards Hopewell St (towards downtown):

- Right onto Kippax St, Left onto Appomattox St, Left onto Hopewell St

E Cawson St heading north towards Kippax St (away from downtown):

- Left onto Hopewell St, Right onto Appomattox St, Right onto Kippax St

Please note: During this extended street closure the E Cawson entrance/exit to the Social Service Building will be closed. Guests visiting the Social Services Building are to use the E Broadway entrance during this extended street closure.
