Traffic Alert Thursday September 17, 2020 *S 15th Ave (Route 36)*

Hopewell, Virginia ----- Pavement Resurfacing on Arlington Road and S 15th Ave

On Thursday September 17, 2020 motorists can expect alternating lane closures on S 15th Ave (Route 36) for pavement resurfacing between Washington Circle (Lynchburg Street) and City Point Road. The anticipated work hours will be between 7:30 AM to 5 PM. In case the paving operation needs to suspend due to inclement weather, the work will resume on Monday September 21, 2020. One lane in each direction will remain open at all times and all local connecting streets and intersections will remain OPEN and accessible throughout the corridor. Advanced warning signs, traffic channelizing devices and flashing arrow boards will be in-place to guide motorists through the work zone. Weather permitting, this will be the final work shift to complete the pavement resurfacing of Arlington Road and S 15th Ave. The contractor will then reinstate pavement markings including crosswalks over the next several days.

This pavement resurfacing project is 100% funded by the Virginia Department of Transportation's State of Good Repair Program. Through this competitive application program, certain segments of locally maintained state primary routes are eligible based on pavement condition, average daily traffic and National Highway System (NHS) designation.
