VAMS along with the other first responders for receiving vaccine. 1/12/20

- Verification of City Staff that falls into category 1b for vaccination was begun today in preparation for the green light to get them uploaded into the system. 1/12/20
- Fire and police are in the process of receiving Vaccinations. 1/8/21
- Covid-19 testing took place today at Cavalier Square. 01/07/2021
  - 97 Tested
  - Additional details pending data review
- Next Testing Event scheduled for Thursday 1/14/2021 5:00 pm- 6:30 pm at Cavalier Square.
- Governor’s Office releases Vaccine Distribution model:
  - Group B includes frontline essential workers in specific industries, K-12 teachers and staff, childcare providers, adults age 75 and older, and people living in correctional facilities, homeless shelters, and migrant labor camps.
  - Group C includes other essential workers, adults age 65 and older, and people age 16-64 with certain medical conditions or disabilities that increase their risk of severe illness from COVID-19.

- Governors Press Conference on January 6, 2021- he discussed the goal is to provide vaccinations to the citizens of the Commonwealth based CDC guidelines. Priority groups have been established, with long-term care residents and health care workers as top priority. The goal is to have the general public completed with vaccinations by this summer.
- The Central RHCC activated today, and in Concert with VCU medical center, started performing patient distribution of EMS transports in the ODEMSA EMS region. This was due to the fact that a number of hospitals had gone on diversion. This only lasted about 5 hours before going back to normal status. 1/5/21
- Awaiting word on the availability of GENETWORx testing team for this week and the 3<sup>rd</sup> week of January.
- Crater Health Covid-19 Testing in Hopewell is scheduled for 1/14/2021, and 1/29/21.
