Traffic Alert for Monday, March 22 thru Wednesday, March 24

*Expect a lane closure on the westbound lane of State Route 10, Randolph Road,
between City Point Road and N. Main Street on Monday, March 22*

Hopewell, Va., - On Monday morning, March 22 thru Tuesday, March 23, West Randolph Road west bound will be detoured around a work zone. Long haul tractor-trailer truck traffic will be detoured on a specially signed truck route using Winston Churchill Drive, South 6th Avenue to North 6th Avenue. The City is installing a critical fiber optics conduit crossing across Randolph Road at this location.

Detouring arrangements will be in effect to direct traffic around the construction zone. Detour signage will alert drivers and directional signage will direct thru traffic on alternate routes. Special signage will direct truck traffic. Local traffic will continue to have access to all neighborhood streets.

Work zone detouring is expected to be in-place in this segment of road in the westbound lane first (Monday and Tuesday), then shifted to the eastbound lane on Wednesday, March 24. Only one side of the work zone segment will be closed at a time.
